

Access controlled... Future secured.

# BL 15

BARRIERS FOR PERIMETER ACCESS

**AS** **AUTOMATIC**  
**SYSTEMS**  
LEBER GROUP

VEHICLE

Combining speed, ease of use and reliability, the **BL 15** is Automatic Systems' new rising barrier designed for the access control of public sites. Thanks to its price and the guarantee of Automatic Systems quality, the **BL 15** is an efficient, secure and economical barrier.

With its understated, modern design and its numerous innovations, the **BL 15** is perfectly suited to all environments.

## PERFORMANCE

- Fast, perfectly controlled movements (1,2 sec.)
- Automatic opening in case of power failure
- Auto-configuration

## AESTHETICS & MODULARITY

- Easy customisation of the barrier housing
- LEDs in top cover, resistant to vandalism
- Reversible arm, left/right

## RELIABILITY

- Frame and housing in aluminium, resistant to corrosion
- Magnetic detection without contact
- Direct drive boom, reducing the failure rate
- Long lifecycle guaranteed

## SECURITY & SAFETY

- Resistant to lifting
- Swing-off device
- Oval arm, light and highly resistant

## AN INTELLIGENT BARRIER

### EMBEDDED WEB SERVER

- Software embedded in each barrier providing real time monitoring and the ability to configure and maintain each barrier locally or remotely via a simple web browser

**BL 15**  
OVAL ALUMINIUM ARM  
FREE PASSAGE (MAX.): 4 M  
OPENING/CLOSING TIME: MINIMUM  
1.2 SEC

### SIGNAL LIGHTING

- High luminosity LEDs in top cover, operating as traffic lights (R/G) or alarm, perfect for traffic management

### INTERCHANGEABLE HOUSING

- This feature allows for endless customisation of your barrier:
  - Develop targeted marketing campaigns
  - Easily replace a housing damaged by misuse or minor impact

### AUTO-CONFIGURATION

- Auto-monitoring of failures and automatic reconfiguration mechanism

### CONNECTIVITY

- TCP/IP interface enabling the barrier to communicate on an Ethernet network

## BENEFITS

- Assimilation of major traffic flows
- Remote management
- Modern design
- Long lifecycle

## MARKETS

- Private residences
- SMEs
- Hospitals & health centres
- Shopping centres & industrial sites
