# ParkPlus

The ETL certified ParkPlus is a parking barrier gate that offers a simple yet highly reliable solution for all parking applications.

## ▲ SECURITY & SAFETY

- Resistant to lifting
- Visibility of the obstacle
- Unique optional breakway feature
- Automatic reverse on contact with obstacle
- Optional electromagnetic tip support

## ▲ AESTHETICS & CUSTOMIZATION

- Quick and simple customization of the ParkPlus housing
- Easy to install
- Auto-configuration of the barrier
- Personalized color (option)
- Client logo (option)
- Heating (option)

## ▲ ADAPTABILITY & FLEXIBILITY

- Articulated arm or straight arm
- Reversible arm (left and right)
- On site adjustable arm lengths
- Inductive loops (option)
- Presence sensors (option)
- Photoelectric cells (option)

## ▲ RELIABILITY & PERFORMANCE

- Easy to use
- Fast, controlled movements
- Speed adjustable from 1.7 to 5 sec.
- Product geared to intensive use
- Automatic opening in case of power failure
- Frame and housing in aluminum, resistant to corrosion and easy to recycle
- Asynchronous motor & reversible gearbox
- Magnetic detection without contact
- Direct drive boom, reducing the failure rate
- Guaranteed long life cycle

## ▲ CONNECTIVITY

- TCP/IP interface enabling ParkPlus barriers to communicate on an Ethernet network

## ▲ EMBEDDED WEB SERVER

- Software embedded in each barrier providing real time monitoring and the ability to configure and maintain each barrier locally or remotely via a simple web browser

## ▲ AUTO-CONFIGURATION

- Auto-monitoring of failures and automatic reconfiguration mechanism

## ▲ MAINTENANCE INTERFACE

- XML/RPC format (webservices) allowing interoperability with other operating systems

## A REVENUE GENERATING BARRIER

ParkPlus barriers have been designed with an interchangeable housing. This feature allows for endless customization of your barrier.

With ParkPlus you can:

- Customize the barrier with your own brand
- Develop targeted marketing campaigns
- Identify lanes which have been reserved for subscribers of specific services
- Easily replace a damaged housing
